Vídeo demo

What are they

- Situations where participants are invited to make decisions.
- The methodology used is structured in three parts: Situation, Decision and Resolution. There is a version without solution, for use in programmes with tutors or forums / classrooms.
- There are two versions of cases:
 - For individual use.
 - For working as a team, in a classroom or through the Synchronous Sessions.

Application

- In training portals as a reference and development tool.
- In classroom sessions or Synchronous Sessions within team meetings.
- Inside packs.
- As a reinforcement element in training programmes.
- In Newsletters.

Features

- Large collection of themes on skills.
- In Spanish and English.
- SCORM format.
- They can be developed to meet the Client's needs based on their job description and business sector.
